

NEW RIVER

CANOE AND KAYAK RENTALS

The ancient New River really seems to have it all: gorgeous Appalachian river gorge scenery, easy floating on this gentle section of the New, and warm, clear waters that practically beg you to jump in to cool off in the summer time. The New River is one of the oldest rivers in world. It flows north, from its headwaters in North Carolina downstream into West Virginia and beyond. High Mountain Expeditions offers the unique opportunity to paddle this pure, clear, free flowing river. Water temperatures are inviting and offer relief from the hot summer sun.

TRIP ITINERARY

High Mountain Expeditions New River Canoe and Kayak rentals begin operations daily at 9:00AM with the last rental departing no later than 3:00PM, throughout the summer season. All canoe and kayak rental guests must first make a reservation before arriving at High Mountain Expeditions New River Outpost. Reservations can be made online or by calling one of our friendly adventure consultants at 1.828.898.9786. Upon arriving at High Mountain Expeditions New River outpost guest will be briefed on river safety and how to properly maneuver their canoes and kayaks. Guests will then be driven to High Mountain Expeditions New River canoe and kayak put-in. After Launching your canoes and kayaks it will take approximately 3 hours to paddle back to High Mountain Expeditions New River Outpost. There you can celebrate the successful completion of your adventure
